

Extra Help is a federal program that helps pay for Medicare drug coverage. If you have Extra Help in 2014, you pay no premium if you're in one of the Medicare Part D drug plans below. Extra Help pays the whole premium for you if you're in one of these plans, which are called **benchmark plans**. The Part D benchmark amount for 2014 in New York is \$37.23. If the plan's premium is \$37.23 or below, Extra Help will pay the entire premium. Before joining a plan, make sure it works with your health coverage.

Both Silverscript Basic and SmartD Saver are benchmark plans, however, they are not accepting new enrollees. If you already have one of these plans, you may keep it.

Both CIGNA HealthSpring Rx and Silverscript Basic have monthly premiums that are above the benchmark amount in New York. However, because they were benchmark plans last year and because their 2014 premiums are barely above the benchmark premium, the plans are considered benchmark plans by New York.
